

Civil engineering, building and maintenance contractors.

“We take pride in what we do”

Onambula Investment Group CC operates across civil engineering services and infrastructure, roads, building construction, renovations and maintenance. Our team of experienced professional engineers has a proven record, and taking pride in our work has always been our main motivation.

regions worked in

01

What we build

Civil engineering and infrastructure

Earthworks, platforms, services and bulk infrastructure, delivered for mining, municipal and government clients.

Building construction

Offices, schools, clinics, fire stations, factories and residential developments from single dwellings to housing schemes.

Roads and paving

Access roads, interlocked paving and road-related civil works.

Renovations and alterations

Refurbishment, alterations and additions to buildings that stay in use while we work — offices, a hotel, a hospital floor and a live mine laboratory.

Maintenance contracts

Multi-year planned and reactive maintenance across dispersed sites.

02

Ownership and management

Mr Ananias Kashikuka — Executive Member

Sole Executive Member of Onambula Investment Group CC, with more than ten years' diversified experience in the civil engineering sector. He has executed projects across Namibia for both the private and public sector, with a client base built largely on referral.

National Diploma in Civil Engineering and Project Management; B-Tech in Civil Engineering specialising in Urban Engineering, Polytechnic of Namibia (now NUST); certification in Business Leadership, University of Stellenbosch Business School.

Mr Khama Nampadhi — Civil Engineer

Proficient in AutoCAD and structural design programs, and in the planning, implementation and management of projects.

Registered Civil Engineer, Reg. No. IE 2019-24, Polytechnic of Namibia (NUST). Nine years' experience in civil and structural design and transportation infrastructure management.

Mr Martin Shigwedha — Head: Admin and Business Development

Responsible for business growth — identifying opportunities, researching leads, building client relationships and

executing business agreements. He provides the communication link between the client and everyone involved in a project.

Bachelor's degree in Administration and Management. Nine years' experience in the corporate sector.

03 The record

44 contracts completed since 2013 and 5 currently on site. Of the 49 listed, the 46 with a stated value total N\$ 188,318,017.93. The remainder are term or framework contracts whose value is not fixed.
